

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs  
Registration Division (7505P)  
1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

EPA Reg. Number:

58300-21

Date of Issuance:

5/26/16

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

STOP BUGGING ME! MAX

Name and Address of Registrant (include ZIP Code):

Jean Killoren  
Authorized Agent for Conseal International, Inc.  
316 Highland Ave.  
Hartford, WI 53027

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Meridith Fry, Ph.D.  
Product Manager 04  
Invertebrate & Vertebrate Branch 1  
Registration Division (7505P), Office of Pesticide Programs

Date:

5/26/16

2. You are required to comply with the data requirements described in the DCI and EDSP Orders identified below:
  - a. Esfenvalerate GDCI-109303-828
  - b. Esfenvalerate GDCI-109303-1111
  - c. Esfenvalerate EDSP-109303

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI or EDSP Orders listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division:

<http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 58300-21.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 01/20/2016

If you have any questions, you may contact Elizabeth Fertich at 703-347-8560 or via email at [fertich.elizabeth@epa.gov](mailto:fertich.elizabeth@epa.gov).

# Stop Bugging Me! Max

[LIQUID READY-TO-USE INDOORS & OUTDOORS

Kills Home Invading Pests On Contact

Kills Bed Bugs, Ants, Cockroaches, Spiders, Fleas, and Ticks [including ticks which transmit Lyme disease]  
Kills Bed Bugs, Ants, Cockroaches, Spiders, Fleas & Ticks and Carpenter Ants

Kills Cockroaches for up to 12 weeks [3 months]. Season Long Control

Kills Adult and Pre-Adult (larvae) Fleas and their hatching eggs for up to 8 weeks [2 months]

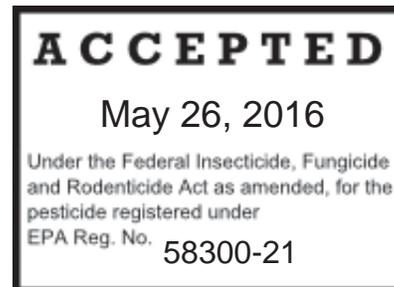

Water-based, Non-Staining, No Oily Residue. Odor free

Economical Do-It-Yourself Pest Control. Trigger Sprayer Included

Kills Stink Bugs, Brown Marmorated Stink Bugs [(BMSB)], Asian Lady Beetles and Box Elder Bugs]

**ACTIVE INGREDIENT:**

Esfenvalerate .....	0.025%

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

## CAUTION

Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

### ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

### PHYSICAL OR CHEMICAL HAZARDS

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

#### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product  
in a manner inconsistent with its labeling.

Stop Bugging Me! Max [This product] is an effective formulation, which kills crawling insects fast. It stays on treated surfaces and provides residual insect killing power for up to three months.

#### READ ENTIRE LABEL BEFORE USE

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of feedstuffs, food, or food handling surfaces.

RESTRICTIONS: Do not allow people and pets into the treated areas until spray has dried. Do not use this product on pets.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

Sprayer instructions:

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "off" position and store with sprayer above level of liquid in container to prevent leakage.

[To attach sprayer:

#### SHAKE WELL

To attach and operate sprayer: Remove sticker from cap. Open the flip top on cap. Extend hose from sprayer.

Firmly insert black hose tip into opening until it snaps into place. Adjust nozzle to spray or stream. Point sprayer away from people or animals. Squeeze trigger until liquid is dispensed. After use turn the spray nozzle to X (off). Do not disconnect the hose from bottle.]

[FOR TRIGGER SPRAYER]

[1. Shake product well.

2. Turn sprayer nozzle to spray position. Adjust nozzle to spray or stream as needed.

3. To store, turn nozzle to "OFF" position.]

#### SHAKE WELL BEFORE USE

Typical areas that may require insecticide treatment:

#### INDOORS:

Spray areas where Asian Lady Beetles, Box Elder Bugs, Brown Marmorated Stink Bugs [(BMSB)], Cockroaches, Palmetto Bugs, Ants, Clover Mites, Crickets, Firebrats, Water Bugs, Silverfish, Stink Bugs and Spiders are found or normally occur including dark corners of rooms and closets, cracks and crevices in walls, along and behind baseboards, beneath and behind sinks, stoves, refrigerators, and cabinets, and around plumbing and other utility installations.

For control of Ants, apply to ant trails, around doors and windows, and wherever else Ants may find entrance.

For control of Carpet Beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets, on shelving, and wherever else insects are seen or suspected.

For control of Fleas and Brown Dog Ticks, thoroughly spray pet beds and resting quarters and nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floors and floor coverings where fleas and ticks may be present. Pet bedding should be replaced with clean fresh bedding after treating the area. *Do not treat pets with this product.* To control the source of flea infestations, treat pets with a product registered for application to animals.

Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

AS A SURFACE SPRAY: Use at a rate of one [1] gallon [96 fluid ounces] [24 fluid ounces] [16 fluid ounces] of spray per 1,000 [750] [188] [125] square feet.

To kill the Accessible Stages of Granary Insects: Rice Weevils, Confused Flour Beetles, Rust Red Flour Beetles, Saw-toothed Grain Beetles, Cadelles, Meal Moth Larvae and Adults, Cigarette Beetles, Drugstore Beetles, and Granary Weevils: Apply as a coarse wet spray to surfaces where these pests are normally found, such as floors and baseboards and around walls, benches, and pieces of equipment. Pay particular attention to cracks, crevices, and similar protected locations in floors and walls. Thoroughly spray around and into floor drains, non-food conveyors, and other areas where granary insects may be found. Do not apply when food-processing facility is in operation or food is exposed. Do not apply this spray to surfaces or utensils that may come into contact with food, excessive food residues may result.

Do not exceed more than one [1] application every fourteen [14] days.

To kill Ants, Asian Lady Beetles, Box Elder Bugs, Brown Marmorated Stink Bugs [(BMSB)], Cockroaches, Crickets, Earwigs, Millipedes, Psocids, Silverfish, Sowbugs, Spiders, Stink Bugs and Waterbugs: Apply this spray with a sprayer that produces coarse wetting droplets into all cracks and crevices in woodwork and floors, underneath sinks, areas behind pipes, and in all places where these insects shelter. Directly spray as many insects

as possible. Do not exceed more than one [1] application every seven [7] days in restaurants and similar food service establishments or more than one [1] application every fourteen [14] days in all types of food handling establishments.

FOR PREMISE PESTS: Use at the rate of one [1] gallon [96 fluid ounces] [24 fluid ounces] [16 fluid ounces] of spray per 1,000 [750] [188] [125] square feet.

Application within residential and non-residential buildings including Homes, Apartment Buildings, Kennels, and Non-Food Areas of Industrial, Institutional, and Commercial Buildings, such as Hospitals, Hotels, Warehouses, Truck Trailers, Railroad Cars, Airplane Cargo Holds, Theatres, Office Buildings, and Schools.

Apply as a coarse wet spray to thoroughly treat hiding places such as cracks and crevices, moist areas around pipes, under refrigerators, and along baseboards to control pests listed below. Use at the rate of one [1] gallon [96 fluid ounces] of spray mixture per 1,000 [750] square feet. Spray directly on insects when possible. Do not permit humans or pets to contact treated surfaces until the spray is dry. Do not treat establishments where livestock feed is present.

To kill Ants, Asian Lady Beetles, Box Elder Bugs, Brown Marmorated Stink Bugs [(BMSB)], Cockroaches, Crickets, Earwigs, Millipedes, Psocids, Silverfish, Sowbugs, Spiders, Stink Bugs and Waterbugs: Spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices in walls, along baseboards and door and window frames, behind and beneath sinks, stoves, refrigerators and cabinets, and around garbage cans, plumbing and other utility installations. Directly spray pests driven out of hiding places. For Ants, apply to ant trails, around doors and windows, and wherever these pests may find entrance.

To kill Brown Dog Ticks and Fleas: For control of Brown Dog Ticks, thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. For control of Fleas, thoroughly apply a fine particle broadcast spray to infested rugs, carpets, and pet resting areas. Prior to treatment cover aquariums and fish bowls and remove birds, such as canaries, from the area. Do not permit humans or pets to contact treated surfaces until spray is dry. Following treatment, remove and replace old bedding with clean, fresh bedding. Do not spray pets with this product. Treat dogs and cats with a product registered for use on animals. Also, treat your yard with a product registered for yard application.

To kill Bed Bugs: First, thoroughly clean and air mattresses and springs. Apply as a spot treatment to cracks and crevices, around baseboards, and on floorboards, headboards, and walls. Then spot treat only areas that may harbor pests. On mattresses, concentrate on tufts, folds, and seams.

To kill Carpenter Ants: Use a coarse spray, around doors, doorframes, windows, and other areas where Carpenter Ants enter the premises or hide. Spray into cracks and crevices, through openings, or into small newly drilled holes into wall voids where these Ants or their nests are present.

Typical areas that may require insecticide treatment:

#### OUTDOORS:

Do not water the treated area to the point of runoff.

Do not make applications during rain.

All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

- (1) Treatment to soil or vegetation around structures;
- (2) Applications to lawns, turf, and other vegetation;
- (3) Applications to building foundations, up to a maximum height of 3 feet.

Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.

Use Stop Bugging Me! Max [this product] to control on contact Ants, Asian Lady Beetles, Box Elder Bugs, Brown Marmorated Stink Bugs [(BMSB)], Cockroaches, Crickets, Sowbugs, Spiders, Stink Bugs and Ticks. Apply to outside surfaces of buildings, porches, patios, garages, grasses, and other areas where these pests are seen or found. Do not spray in or near fishponds or other bodies of water. Avoid soaking young or flowering plants.

Flies and Mosquitoes: For outdoor use only as an aid in controlling these insects. Spray outside surfaces of screens, doors, window frames, or wherever insects may enter the room. Also spray surfaces around light fixtures, on porches, in garages and other places where insects alight or congregate. Repeat as needed.

Ants, Asian Lady Beetles, Brown Marmorated Stink Bugs [(BMSB)], Ticks [including ticks which transmit Lyme disease], Crickets, Fleas, Stink Bugs, and Earwigs: For treatment of infestation of these insects in areas where there are weeds or bushy non-crop areas, thoroughly spray infested areas. When treating for ticks, pay special attention to areas frequented by pets. For Ants, thoroughly wet hills and runways.

Building Perimeter Treatment: To help prevent infestations of buildings by Ants, Asian Lady Beetles, Box Elder Bugs, Brown Marmorated Stink Bugs [(BMSB)], Crickets, Spiders, Stink Bugs and Sowbugs [Pill bugs], treat a 12–18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 to 3 feet where these pests are active and may find entrance.

Keep pets and children out of the treated area until the spray has dried. Do not spray animals. Dogs and cats and their kennel or bedding area should also be treated with a registered flea control product in conjunction with this application.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

### **Pesticide Storage**

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

### **Pesticide Disposal and Container Handling**

Nonrefillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{For commercial use}

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place. Keep container closed. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL: To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container.

CONTAINER DISPOSAL: Triple rinse or pressure rinse (or equivalent) promptly after emptying. Offer for recycling or reconditioning, or dispose of in a sanitary landfill or by other procedures approved by State and Local authorities.
